

Hot Air Sealer

The Saxon SB 1000 Band Sealer, is a continuous band sealer capable of closing a variety of plastic bags and pouches. With its durable design and stainless steel finish, the SB 1000 is compatible with the hygienic requirements of the food, medical, and chemical sectors. The high-efficiency band-sealing module and enhanced cooling capabilities produce reliable, esthetic seals on bags or pouches made from polyethylene, polylaminate, co-extrusions, and shrink films.

APPLICATIONS

- Bakery Mixes
- Fertilizers
- Powdered Dairy Products
- Minerals
- Agricultural Seed
- Pet Food
- Chemicals
- Feed Additives
- Cat Litter

HAS300 - HP

final layout may vary

FEATURES

- Seals polyethylene, poly laminates, co-extrusions, and shrink films
- Reliable, low maintenance, direct drive gearbox
- Low-profile infeed ensures correct bag presentation
- Fast, easy-change Teflon sealing bands
- Emergency stop button
- PID temperature controller with full digital readout
- Cool-down mode with automatic shut-off

OPTIONS

- Bag-top trimmer
- Airwash bag-top cleaner
- Ink and embossing coders
- Wash-down version
- Conveyor-integrated unit
- Additional PID temperature controllers

SPECIFICATIONS

- Dimensions: L 40.5 in (103 cm), D 28 in (71 cm), H 65 in (165 cm)
- Speed: (Ranges with VFD) 5-20/17-41/36-89 linear feet per minute
- Electric (NEMA 12): 115 VAC 1PH/230VAC 3PH - 50/60 Hz

BAGS

- Bag Types: Polyethylene, poly laminates, co-extrusions, and shrink films
- Bag Thickness: Max 10 mils.
- Free Bag Top: Min 3.5 in (8.89 cm)
